

Alexandria, Age 16

Phenylketonuria (PKU) | South Carolina | Annual costs: \$8400

Ally was diagnosed at ten days with brain growth affecting diet based treatment PKU. She has been a resident of SC since she was six weeks old. Thanks to medical food and strict diet adherence she is a bright, lively, productive honor roll student. Without her medical foods, she would lose the main building block of her diet.

Alexandria depends on medical nutrition to stay healthy. Alexandria and thousands of others across the country are depending on you to co-sponsor the Medical Nutrition Equity Act. Please contact the offices of Sen. Casey, Rep. McGovern or Rep. Herrera Beutler.
