

## Jackson, Sawyer, and Holland

**Phenylketonuria (PKU) | Utah | Annual costs: \$30000**

Because of the cost of medical nutrition, we sacrifice many other things. We are blessed to have always been able to afford medical foods, but as these children get older and need to provide for themselves, it is likely they will need to choose between medical food and rent, or school tuition. This is an unacceptable choice as it leaves them either mentally impaired, or homeless, or unable to increase their earning potential. All three kids have PKU and are 11, 9, and 7.

---

Jackson, Sawyer, and Holland depends on medical nutrition to stay healthy. Jackson, Sawyer, and Holland and thousands of others across the country are depending on you to co-sponsor the Medical Nutrition Equity Act. Please contact the offices of Sen. Casey, Rep. McGovern or Rep. Herrera Beutler.
