

## Robert, Age 11

**California | Phenylketonuria (PKU) | Annual costs: \$18000**

It would relieve a lot of stress and tension in our household. Having to pay out of pocket for my son's formula has brought me to tears more than once. I make \$17/hour. A can of his formula costs about \$50. We go through 14 cans/month. That's over a full week of my pay (pre-tax) for a month's supply.

---

Robert, Age 11 depends on medical nutrition to stay healthy. Robert, Age 11 and thousands of others across the country are depending on you to co-sponsor the Medical Nutrition Equity Act. Please contact the offices of Sen. Casey, Rep. McGovern or Rep. Herrera Beutler.
