

Sarah

Connecticut | Phenylketonuria (PKU) | Annual costs: \$240

When our daughter was born, our two employer-provided insurances refused to cover her condition. One insurance was through the Ct. Carpenters Union and one was through the University of Yale. After many years of employment it was devastating to us to be denied coverage when we needed it most. We now have great coverage with Anthem through the Milford Board of Education. Our daughter has enjoyed a near normal life thanks to this insurance coverage. We can't imagine how difficult it would have been with out this insurance.

Sarah depends on medical nutrition to stay healthy. Sarah and thousands of others across the country are depending on you to co-sponsor the Medical Nutrition Equity Act. Please contact the offices of Sen. Casey, Rep. McGovern or Rep. Herrera Beutler.
